PESTICIDE/FERTILIZER SAFETY RULES

PTHG PRODUCTS ARE MANUFACTURED TO EXACTING, SCIENTIFIC STANDARDS. ALWAYS APPLY AS DIRECTED ON THE LABEL FOR SAFE HANDLING & EFFECTIVENESS.

- Purchase only DOMESTIC class products.
- READ THE COMPLETE LABEL BEFORE USE. Pay close attention to package warning symbols - eg., Flammable, Explosive, Poison, etc.
- Follow label directions exactly. Measure, do not guess.
- Apply only when required and at recommended application rates.
- Apply only to those plants /crops listed on the label.
- Observe the "no-spray" interval before harvest for fruits and vegetables.
- Store pesticides in a safe place, out of reach of children and pets and preferably locked. Never in proximity to food or beverages.
- Do not spray pesticides on windy days. Wear chemical resistant gloves and goggles while mixing & applying pesticides.
- Use separate sprayers for herbicides and insecticides/fungicides. Do not leave sprayers unattended while spraying.
- Keep children and pets away while applying pesticides and do not let them return to the area until it has thoroughly dried.
- NEVER transfer pesticides out of their labelled container.
- Use garden chemical measuring devices. Do not use kitchen utensils.
- Wash equipment after use.
- Never reuse empty pesticide containers. Check label for appropriate disposal instructions. Some empty containers may be recyclable.
- To dispose of unwanted pesticide product, contact your regional government Household Hazardous Waste Department.
- Wash hands and face with soap and water after applying pesticides and before eating or smoking.
- Wash fruits and vegetables before eating.

IN CASE OF ACCIDENTAL CONTACT
