

MATERIAL SAFETY DATA SHEET

PRODUCT: Wilson® Riddex® Mouse Bait station – PRE-FILLED

SECTION 1 - PRODUCT INFORMATION

P.C.P. Act Registration No.: 30877

Product Code: 7 74017 0, 7 74019 0

Synonyms:

Chemical Family: Anticoagulants

Product Use: Anticoagulant Rodenticide

TDG Classification: Not Regulated

SECTION 2 – HAZARDOUS INGREDIENTS

INGREDIENTS	WEIGHT %	CAS REG #	LD 50 (mg/Kg)	T.W.A. – T.L.V.
Chlorophacinone	0.005	3691-35-8	2.3 (oral, rat) Oral, rat 2.7 Oral, mouse 17.0 Oral, dog 75	NA
LD 50 for bait:	-	-	>5000 (oral, rat)	NA

SECTION 3 - PHYSICAL DATA

Physical State: Solid

Specific Gravity: NA

Boiling Point: NA

% Volatiles: NA

Solubility in Water: Not Soluble in Water

Appearance\Odour: Green block, sweet, grain-like odour

pH: NA

Freezing/Melting Point: NA

Vapour Density: >1.0

Evaporation Rate: NA

SECTION 4 - FIRE AND EXPLOSION

Flash Point: NA

Flammable: No

Lower Explosion Limit %: NA

Fire Extinguishing Media: Water, foam or inert gas.

Fire Fighting Procedures: Wear protective clothing and SCBA.

Other Fire or Explosion Hazards: None

Hazardous Combustion Products: Oxides of Carbon and Irritating Gasses.

Autoignition Temperature: NA

Upper Explosion Limit %: NA

SECTION 5 - REACTIVITY DATA

Stability: Stable

Conditions to Avoid: NA

Incompatibility (Materials to Avoid): Avoid contact with strongly alkaline materials

Hazardous Decomposition Products: NA

Hazardous Polymerization: NA

SECTION 6 - HEALTH HAZARD DATA

Wilson® Riddex® Mouse Bait station – PRE-FILLED

Acute Effects of Overexposure: May be irritating to eyes, skin and will cause a reduction in the blood's clotting ability if ingested.

Effects of Chronic Exposure: Reduction in clotting ability with excessive ingestion.

SECTION 7 - FIRST AID PROCEDURES

Inhalation: None

Eye Contact: Flush eyes and under eyelids with copious amounts of water for 15 minutes. If irritation develops, obtain medical attention.

Ingestion: Give 1 to 2 glasses (200 to 500 ml) of water to dilute material. Do not induce vomiting. If spontaneous vomiting should occur have victim lean forward, with head down, to avoid breathing vomitus, administer more water. OBTAIN MEDICAL ADVICE. Do not give anything by mouth to an unconscious person.

Skin Contact: Wash skin with soap and water.

Note to Physicians: If ingested, this material may reduce the clotting ability of the blood and cause bleeding. Treat potential exposure as indicated by bishydroxycoumarin overdoses (administer Vitamin K1, repeat as necessary based upon monitoring of prothrombin times)

SECTION 8 - PREVENTIVE MEASURES

Respiratory Protection: Not necessary.

Eye Protection: Not necessary.

Skin Protection: Wear rubber gloves when handling bait.

Other Personal Protective Equipment: None

Engineering Controls: Not required

Storage Requirements: Store in a dry place at room temperature. Avoid prolonged exposure to light and humidity. Keep container tightly closed when not in use. Keep away from children and away from food.

SECTION 9 - ENVIRONMENTAL PROTECTION DATA

Spill and Leak Procedures: Sweep up spilled material. Place in a properly labelled container for disposal or reuse.

Waste Disposal: Dispose of empty packaging in garbage. Dispose of waste material in accordance with local, provincial, or federal government regulations.

Environmental Effects: Avoid contamination of surface water by use or disposal.

The information contained herein is considered accurate and offered only as a guide to the handling of this specific material. This information, does not relate to its use with any other material or product or in any process. No warranty, expressed or implied is made regarding the accuracy of the data or the performance of the material by Premier Tech Home & Garden. This Material Safety Data Sheet is valid for three years from Issue Date.
